

BURSTON

2 & 4 Burston Place
Brighton, Victoria, Australia

OVERVIEW: 2 Townhouse

PROJECT VALUE: \$6M

ROLE: Developer, Development & Project Manager, Sales & Marketing, Builder, Superintendent

DESCRIPTION

This prestigious residence encompasses 2x 45 squares of luxury living and includes 6 bedrooms, and 3 bathrooms adorned in marble and granite. The two townhouses sit in the heart of Brighton.

The French provincial style is evident from the street with particular detail given to the façade and landscaping.

The homes were divided into three zones allowing formal, family and bedroom zones to function independently or together with the landscape gardens.

The home is appointed with imported fittings and quality finishes throughout and has been featured in international architectural magazine publications.

On grade twin garaging make entrance into the properties simple with door access down the side of the property leading to the backyard.

The building had a post strut floor system and trussed roof frames. The internal party wall was constructed in brickwork core filled with external skin rendered brickwork.

Ironwork Juliet balconies and fence work break up the front facades.

French casement windows and door compliment the appeal of the property.
